# Downtown Pilot Outreach

---

Dear Ladies & Gentlemen,

I would like to thank and commend, from the bottom of my heart, Mr. Joel Miller for his tireless hard work helping the homeless.

Because of Joel, I am now safe at the Wayne Densch Center. I am working and have a very lucrative full-time job pending as well.

Had it not been for Joel, I don't know what I would have done – I was out of money, out of free stays at the two decent shelters and unable to land a job because of my homeless situation.

May God bless Joel, and again I hope your Commission has many more Employees as dedicated and good hearted as Joel...

Bill
